

Finswimming Commission

TECHNICAL NOTICE

Subject: World Cup 2024_Compensation Program.

We would like to inform you that the request of the organizing committee to hold the Finswimming World Cup scheduled to be held in Lignano 21 - 24 March 2024, in six instead of five competition sessions was accepted by the Finswimming Commission and the CMAS President of Sport Committee.

This decision concerns only the World Cup in Lignano, due to the large participation recorded last years and aims to facilitate the organizing committee in its work, but at the same time to ensure the appropriate conditions for the athletes who will take part.

You can find the detailed competition program in the specific rules document.

Kind regards,

Alexandros I. XIARCHOS
Director Finswimming Commission
